

THE MENUHIN FOUNDATION

FALL 2022

WELCOME BACK!

Welcome to the start of the new school year! We are excited that covid restrictions have been eased again, and are looking forward with optimism for the term and beyond.

P4 PROGRAMME

Our core program is to offer free weekly group tuition across all of Bermuda's primary schools has been severely disrupted during the pandemic, and we are thrilled that we will be back on school sites, and look forward to welcoming a new group of students this year. We hope to see new faces in the First Orchestra soon, and the return of the Annual Concert in June.

GILBERT INSTITUTE P4 PROGRAMME

WE'RE MOVING!

We have been very grateful for the use of a dedicated central building in Hamilton that has allowed us to continue to deliver lessons in person and host orchestra rehearsals as the schools were restricting access. We are pleased to say that we are moving **back to the Bermuda High School for our orchestras and private lessons starting Tuesday, September 27th!** Look out for the return of the Tutti tuck shop - if there are any parents who would like to volunteer to coordinate the tuck shop, and/or offer baked goods (to arrive before 10.30) and/or to take shift between 9.30am and 1.15pm, please contact us.

DID YOU KNOW

The Menuhin Foundation was formed in 1976 and has introduced the art of stringed music playing to thousands of Bermuda's school children. The Menuhin Foundation was the first to offer free lessons to public schools and continues to do so with the P4 Programme - which is offered to both public schools and private schools. This programme costs Menuhin \$150,000 per year to operate. This programme as well as our private lesson bursaries are only possible through the generous support of the various Foundations, the Bermuda Government, and most of all corporate and individual donors.

We will shortly be launching a Fall fundraising campaign, and if you are in a position to make a donation, it's easy via our website - www.menuhin.bm! If applicable, all Corporate Matching Programmes recognise the Menuhin Foundation as a Registered Charity (#118). Thank you!
